Swimming Pool

Decorative & renovation solutions

Architect: Térműhely Ltd & Faraksas és Zarándy Ltd

Design

For more than 40 years, **Barrisol® Normalu®** continually provides innovation and develops new solutions for interior decoration.

With a palette of more than 230 colors and 15 finishes, Barrisol® is the solution for all technical requirements and offers unlimited possibilities of design.

Due to its unique composition, the Barrisol® sheet can be used in humid spaces. Barrisol® solutions are ideal to decorate and renovate public or private spaces.

Architect: Studio ESTE

Architect: The Syntax Group UK

Comfort and safety

All of the Barrisol® systems guarantee maximum safety.

Barrisol® sheets meet all of the requirements of permeability and steam tests. Therefore, they can be installed in all types of humid spaces (swimming pools, spas, etc.).

For your security, Barrisol® meets or exceeds the fire classification M1 (bs2d0 in Europe), the Euroclasses, the CE marking "Conformité Européenne", Class A, etc. and is UL Classified.

Architect: Van Eetvelde Architecten

Due to the flexibility of the Barrisol® sheet, the Barrisol® Star® profiles and rails, the creation of forms and 3D shapes is totally possible.

All architectural forms can be created.

Dare to create a 3D ceiling to enhance the design of your swimming pool and admire an original, surprising and unique design.

Architect : Murat Kader

Realization : Normalu® Barrisol®

Shapes and volumes

Barrisol® Lighting solutions are ideal to create any types of luminous atmospheres.

Embedded spotlights, optic fibers, luminous ceilings with dimmable and changing colors, choose your lighting solution to create your own space of well-being and relaxation.

Acoustic solutions

Swimming pools are often noisy places. The large volumes create reverberation and create a noisy space with poor acoustics.

With the **Acoustics® line**, Barrisol® provides solutions to efficiently resolve acoustic problems in public and private swimming pools.

Unique design

With **Printed Barrisol®**, plunge into another universe!
Create your own decoration thanks to digital printing on Barrisol® sheets. It is possible to reproduce all photos, patterns or decors of your choice for a totally personalized atmosphere. Your printed ceiling can be combined with Barrisol® Lighting solutions to create an unique backlit atmosphere. With Printed Barrisol®, the only limit is your imagination!

Architect : The Syntax Group UK

Barrisol® Trempo®, TrempoDesign® and TrempoVision® solutions, combine technicality and aesthetics.

Barrisol® Trempo® offers new design ideas to decorate your swimming pool thanks to a system of fastening by lacing, or springs.

To answer every decorative ideas, all the Barrisol® sheet can be stretched with the Trempo® system.

Barrisol® Trempo® by lacing

Barrisol® Trempo® by springs

Innovation Trempo®
